{Pasticceria Fraccaro}

After sampling delicious panettone from all over Italy it is with great pleasure that I introduce "Pasticceria Fraccaro".

Pasticceria Fraccaro was established in 1932 in Castelfranco Veneto and originally focused on baking bread. After the war a second bakery was opened in Borgo Pieve. It specialised in the baking of fragrant focaccias, panettones and plum cakes. Expertise and artisanal principles are still important to this day with all products undergoing a natural leavening process before being enriched with top quality tasty ingredients including chocolate chips, sultanas, raisins and candied fruits.
